the Front Porch COLLECTION

The JASMINE

First impressions are important. When you choose the Jasmine, your home makes an immediate statement. The sprawling front porch, which spans the entire width of the home, leaves no doubt that you're in the South. And the exterior is beautifully crafted with natural stone, fiber-cement siding and traditional gable shakes.

Inside, the relaxed, family-friendly floor plan is as versatile as your lifestyle. From homework to an easy neighborhood get-together, this spacious home is easy to live in, and easy to love. The open kitchen-great room-dining room is the heart of the home.

Throughout, you'll find rich design details like all-wood kitchen cabinets with bull-nose countertops, plus six-inch baseboards and four-inch crown molding in the great room. Double French doors off the dining room lead to a private covered side porch that's perfect for quiet reflection.
