Village

The CAMELLIA

Generously sized, The Camellia boasts a beautifully unified space where the Great Room with fireplace merges tastefully with the Dining Room and roomy Kitchen. From the Dining Room, French doors open into a Den/Study or bedroom option. From the Kitchen, with its own casual dining space, the Covered Porch and Patio beckon. The Bonus Room option easily adapts this 2-Bedroom, 2-Bath home to a 3-Bedroom, 3-Bath dwelling. The Master Suite, with tray ceiling, Full Bath, and Walk-In Closet offers luxury; the 2-car garage and Laundry Center add convenience.
